SHEIKH MUKTADIR

Front-End Developer & Team Lead | React.js | Next.js | React Native | 4+ Years

sheikhmuktadir.dev@gmail.com | +91 8093668843 | Hyderabad, India | Open to full-time roles
Portfolio | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Front-End Developer with 4+ years shipping fast, pixel-perfect React.js, Next.js and React Native applications straight from Figma. Team Lead at SMCloudMyle, leading the front end of ChessCurve, a live chess-coaching platform with real-time boards, video and chat. Strong in reusable component architecture, Redux Toolkit, REST API integration and performance; Claude Code and MCP in the daily workflow. Based in Hyderabad, open to full-time front-end roles.

TECHNICAL SKILLS

- **Frontend:** React.js, Next.js, React Native, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap
- **State & Routing:** Redux Toolkit, Context API, Custom Hooks, React Hook Form, React Router (Dynamic, Nested, Protected)
- **API Integration:** REST APIs, Axios, Fetch API, CRUD Operations, JWT Authentication, Socket.IO (Real-time)
- **Tools:** Git, GitHub, Vercel, Postman, Vite, Chrome DevTools, Figma, WordPress, Claude Code, Codex, MCP
- **Concepts:** Reusable Component Architecture, Performance Optimization, Code Splitting, Lazy Loading, Responsive Design

PROFESSIONAL EXPERIENCE

Front-End Developer & Team Lead | SMCloudMyle LLP **May 2026 – Present**
Hyderabad, India

- Lead the front end across web (Next.js, React.js) and mobile (React Native); own the component architecture and UI standards.
- Set the UI standards and release pace so the team ships from Figma hand-off to production without breaking quality.
- ChessCurve: live chess-coaching platform with coach, student and admin portals, built from Figma (see Key Projects).
- Built for speed: in-browser Stockfish 18, live board sync over Socket.IO, smooth screens with video and chat open.

Front-End Developer | Bizionic Technologies **Jul 2024 – Jan 2026**
Hyderabad, India

- Shipped customer-facing web apps in React.js and Next.js, taking new features and full pages from Figma to production.
- Built the shared component library the team worked from, so every page looked and behaved the same.
- Managed application state with Redux Toolkit and integrated REST APIs with consistent loading, error and empty states.
- Owned the front end from first commit to release: fast loads, solid layouts at every size, bugs caught before clients did.

Front-End Developer | ZAPS Group **Sep 2022 – May 2024**
Hyderabad, India

- Turned Figma designs into clean, responsive websites and web apps in React and JavaScript, on fixed client deadlines.
- Built custom WordPress themes and Bootstrap layouts the content team could run and update without a developer.
- Rebuilt the storefront, product and checkout pages of the ActivPower IRx online store on WordPress (see Key Projects).
- Joined as a fresher and within months was trusted with whole pages, from first tickets to owning features end to end.

KEY PROJECTS

ChessCurve – Live Chess-Coaching Platform **Live Demo**
Tech: Next.js, React.js, Socket.IO, chess.js, Stockfish (in-browser)

- Production coaching platform with coach, student, and admin portals, built in Next.js from Figma designs.
- Built the real-time shared chessboard: moves sync instantly over Socket.IO, alongside live video and chat.
- Integrated the Stockfish 18 chess engine in the browser for live evaluation and best-move analysis.
- Built the homework module: puzzles, game analysis and theory, with submissions, coach review and feedback.

ActivPower IRx – Online Store (WordPress) **Live Demo**
Tech: WordPress, Bootstrap, JavaScript, HTML5, CSS3

- Rebuilt the storefront, product pages, and checkout of a live store from static designs, mobile-first and pixel-perfect.
- Kept every cart, pricing, and subscription flow working across two sister brand sites: 14 pages and 8 products.

EDUCATION

Bachelor of Technology – Computer Science and Engineering **2016 – 2020**
Gandhi Institute for Education and Technology (GIET), Bhubaneswar
